

Welcome to the TREADLightly-UK! website.

The Treadlightly Trust has been set up as a Registered Charity in the UK and the Trustees are actively engaged in developing a project plan and launch strategy that will create an awareness of the existence of the Group and its objectives.

treadlightly! sets out to protect motorised recreational access opportunities through education, partnership working, and conservation initiatives.

Over the next few months the team intends to engage with motorised users, groups, clubs and forums with the intention of influencing users to adopt the treadlightly! ethos and reduce the incidence of environmental damage and nuisance.

treadlightly! will be specifically seeking to appoint regional Ambassadors to help to spread the word and engage with users. If you would be interested in finding out more about becoming a treadlightly! Ambassador then please contact us via email for more information.

The treadlightly! programme is fully endorsed and supported by the three main User Groups in the UK – Trail Riders Fellowship (TRF), Green Lane Association (GLASS) and Countryside Recreational Access Group (CRAG).
